#### HIGH LEVELS REACHED

Volume of Business During First Hour Broke All Records.

GENERAL MARKET REPORTS

NEW YORK April 20 - The first hour's trading in today's stock market eclipsed all previous records, over one million shares changing hands during that period. The size of the individual lots was again a feature, and in this particular also a new

ecord was established. The opening transaction in United States common was recorded on a running of prices from 53 to 55, and aggregated 50,000 shares. Twenty-five thousand shares of Steel preferred changed hands from 100 to 101, and Union Pacific opened with a single block of 30,000 shares. In all parts of the list the demand was enormous and no one was willing to predicate the

The tide was all one way, and issue after issue was made to reflect the aggressiveness of the buying. The buying power is without precedent, but the fury of the movement must be its inevitable destruc-

Nothing exists by which to measure the present movement, and every one is convinced that a new chapter is bein added to vinced that a new chapter is bein added to financial history. As long as prices will advance there will be an enthusiastic element willing to press the advantage.

Meanwhile there is a curious seeking after flaws in the movement, but thus far without success. Contrary to precedent, the public is not buying the high-priced stocks at the top. The so-called outside demand reflects an advoitness superior to that of the professionals. Profits are taken in one stock or set of stocks before another in one stock or set of stocks before another is accumulated. Brokers are not asked to finance purchases, the buyer dealing directly with his own bank in many instances. This accounts for the fact that brokers

are not borrowing up to their limit, and that the aggregate of loans is nearly at the that the aggregate of loans is nearly at the associated banks' record. Call money ruled around 3½ during the morning, and there is no concern on that score.

Gold is going to Europe, probably as much as \$3,000,000 during the week, but this outgo is credited to the new British loan, and is not allowed to interfere in the daily routine.

Atchison issues were features of the rail-

The common stock sold up to 78½ under the influence of rumors that tomorrow's dividend would be 2 per cent. The company is believed to be earning in the neighborhood of 7 per cent on the common stock. The preferred was advantaged to stock. The preferred was advanced to 104, and the buying of it was for conservative, semi-investment interests. Rock island and Union Pacific were sold at one time, and Atchison bought with the pro-ceeds of such sales.

Erie issues were taken up during the af-ternoon and sold at top prices. The buying of the common stock was the feature of the demand and the belief prevails that this property is to become a more impor-tant factor in the Hill-Burlington plan than

tant factor in the Hill-Burlington plan than has as yet been admitted.

Missouri Pacific was strong, and Texas Pacific followed in its wake, making a record a fraction over 50.

The Wabash-Pennsylvania arrangement, which does away with the necessity for an independent line to Pittsburg, by the former, had no effect on prices. New York Central and allied roads were all strong and seemed to be feeling the effects of an early announcement of important plans.

Call money was rushed up to 6 per cent in the last half hour and a slight reaction followed.

McGOVERN-GARDNER FIGHT.

Both Men Said to Be in Pink of Condition. SAN FRANCISCO, April 30 .- Terry Mc-

Govern and Oscar Gardner quit training yesterday for their glove contest, which will take place at the Mechanics' Pavilion tonight. Both will do a little road work today so as to keep down to the required weight-124 pounds-at 3 p.m. Harry Corbett will referee the fight. Both men have been pronounced physically sound by a physician.

McGovern and Gardner met in a photograph gallery in ring costume and each expressed himself as pleased with the other's condition.

There has not been much betting on the event, but the pool rooms offer 3 to 10 on McGovern has agreed to referee the fight

between Neill and Trimble at Bakersfield on Thursday night, and previous to the contest will spar with Danny Dougherty.
